

# REFLECTIONS OF THE FATHER'S HEART

## [Exhortations From The Father]

[January 3rd]

\* Faith does not come by reasoning and logic. Faith *[trust]* comes from "hearing" My Word *[knowing in one's spirit - My Heart]*. Faith in one's self comes from hearing the words that they speak *[with much help from the Enemy]*. Indeed the key to a steadfast and constant faith is "inextricably" linked to a living relationship with Me - and with My Word.

**"logic"** - the science concerned with the principles of valid reasoning and correct inference either deductive or inductive; the apparently inevitable chain of events involved in an outcome etc.

**"reason"** - seeks to explain or justify an action by citing facts, circumstances, together with the workings of the mind on them; a motive or cause for an action, belief, thought etc. justification;

**"reasoning"** - the mental process of drawing conclusions from known or presumed facts;
