

REFLECTIONS OF THE FATHER'S HEART

[Exhortations From The Father]

[May 25th]

* The path of each and every one of My children is "unique" in the sense that the "spiritual food" needed for them to enter into the fullness of their true Kingdom-position and destiny can only be fulfilled as they are fed with the "food" *[partake only of the ministry]* that is needful for them - something that can only be revealed to them by My Spirit to their spirit by revelation.

I did not call My children to lean upon their "own" understanding in this matter of what they deem to be the spiritual food that is necessary for them. Let ALL things be done by revelation for that is the way of My Kingdom - without exception.

...."feed me with the food [both spiritual and physical] that is needful for me".... Proverbs 30:8b The Amplified Translation
