

REFLECTIONS OF THE FATHER'S HEART

[Exhortations From The Father]

[September 13th]

* It is not so much the "mistake" one makes but, rather, the fear and mistrust [*unbelief*] that was exercised by them that matters - a fear and mistrust that, if not dealt with, would cause them to repeat the aforementioned "mistake" in one form or another.

Therefore, if one finds themselves in this type of situation it is of the utmost importance that they enter into the "secret place" [*inner chamber*] before Me. For as they are faithful to do this THEN it is certain that My divine Light will shine on the "root cause" - with a view to its "total eradication".

"mistake" - an error in action, calculation, opinion, or judgment caused by poor reasoning, carelessness, insufficient knowledge, etc; a misunderstanding or misconception;

"eradicate" - remove or destroy utterly; to pull up by the roots;

...In Your Light we receive the light of revelation".... Psalm 36:9 TPT
