

MEDITATIONS ON THE TRUE CHRISTIAN LIFE

...."This book of the law [the Word of God] shall not depart from [always be in] your mouth, but you shall meditate on it day and night, so that you may be careful [take heed] to do according to all that is written in it; for THEN you will make your way prosperous, and THEN you will have success"....

FAITH AND REASON

[part 1 of 2]

* Few of us realize that there are two kinds of knowledge in the world.

They have always been hostile to each other.

There is the Knowledge that comes from our five senses: seeing, tasting, hearing, smelling, and feeling.

This is the source of all knowledge that comes to natural man.

The other kind of knowledge is a Revelation Knowledge. It comes from the Word.

Since educators have thrown the Word of God out of our schools, colleges and universities, there is but one kind of knowledge taught in these institutions. That is the knowledge from the five senses.

This is suggestive, almost startling when one thinks of it.

The mind of natural man has no way of knowing except through these avenues.

It is what we have heard, what we have tasted, what we have seen or what we have smelled.

Astronomy comes through the eye. Down through the whole list of scientific knowledge the same holds true. The man who only accepts Sense Knowledge will never know God, never understand

anything connected with real Christianity because it belongs to a realm above his natural reason.

Christianity is a Revelation and a Miracle.

The Bible is a Miracle Book.
